Sir

I have the honor to recommend that all Hospital Assistants in charge of Local Fund Dispensaries located in Towns with Municipalities be made Ex Officio members of the Municipal Boards of those Towns and, if the Dewan approves, that the necessary instructions be issued to Deputy Commissioners.

At present only some are Municipal members and it seems to me very desirable that all those be, so that since they are in

local health officers, they may be in the most position to advise on matters concerning the public besides increasing their interest and responsibility in sanitary questions.

that on consulting the Amildars in the
matter, all of them unanimously agree
that this system will prove beneficial
to the Municipality. I also think so. The
arrangement is a desirable one, as when
they club together in council with other
members, the Hospital assistants' suggestion
can be readily made and discussed, adopted
postponed or thrown out, on full consi-
deration of the financial and other bearings
of the question, avoiding much unnecessary
correspondence

correspondence, which at times forces itself on attention. The rule should not be extended to District Head Quarters, where the Medical officer serves on the Board.
